

Athens Area School District Chromebook Insurance Policy

The Athens Area School District is proud to offer our latest advancement to the one-to-one technology device program within our school district. Beginning in the 2021-2022 school year we will be offering an insurance program for our Chromebooks and iPads. The purpose of the insurance program is to help with upkeep of technology devices so that we can keep them in the hands of our students.

The program will offer the following benefits.

- Insurance fee will cover the first incident of repair at no charge.
 - 2nd incident is covered with a \$25 deductible
 - 3rd incident is covered with a \$50 deductible
 - 4th incident – family is responsible for cost of repair or replacement of device.
- In extreme cases of negligence (loss or intentional abuse) by the student, a \$100 maximum charge for the first incident of damage may be assessed.

Those who choose not to opt into the insurance program will be responsible to pay the full cost of repair or replacement should damage occur to that child's device.
