## Technology Device Take Home / Live Streaming Agreement Form COVID-19 Pandemic

The Athens Area School District is committed to providing our students with the best possible resources to promote the remote learning plan being implemented in response to the COVID-19. The District would recommend students/families to purchase device insurance, otherwise the cost of any repairs, with the exception of normal wear and tear, would be the responsibility of the student to pay in full. The District asks that you care for your school-issued device, report any accidental damages to our IT Support line at 570-882-6215, and return your device and power supply as directed in future communication. If the device and/or power supply is not returned the student/parent will be charged for its respective replacement cost.

The Acceptable Use Policy continues to govern how these devices are utilized and should have been previously signed by a parent or guardian.

This form must be completed and returned for the student to have the ability to take home a device during the COVID-19 pandemic.

Signature on this form signifies that students and families of students participating in the live stream educational option (limited traditional and full live streaming) will not use the live stream option as a means to critique the instructional practices of teachers within the Athens Area School District. Recordings of classroom lessons will be used solely as an instructional resource.

| Student Name (PRINT)      |      |  |
|---------------------------|------|--|
|                           |      |  |
|                           |      |  |
| Parent/Guardian Signature | Date |  |
