

## Section 1: Symptoms

- ♥ Temperature 100.4 degrees Fahrenheit or higher when taken by mouth or ear
- ♥ Sore throat
- ♥ New uncontrolled cough that causes difficulty breathing (for students with chronic allergic / asthmatic cough, a change in their cough from baseline)
- ♥ Diarrhea, vomiting, or abdominal pain
- ♥ **New** onset of severe headache, especially with a fever

## Section 2: Close Contact / Potential Exposure

- ♥ Had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19
- ♥ Traveled to or lived in an area where the local, Tribal, territorial, or state health department is reporting large numbers of COVID-19 cases as described in the Community Mitigation Framework
- ♥ Live in areas of high community transmission (as described in the Community Mitigation Framework) while the school remains open

**Parents:  
Please complete  
this short  
checklist with  
your child before  
making the  
decision to send  
them to school.\***

**Respect.  
Kindness.  
Good Health.**
